

Christ the King Catholic Primary School

Christ be our light and our guide

Our Vision: To provide an outstanding Catholic education with Christ as our light and our guide.

Music Policy		
Date	Review Date	Coordinator
September 2018	September 2019	Mrs Earl

‘There is music in every child. The teacher’s job is to find it and nurture it.’

At Christ the King RC Primary School we value Music because it is a powerful and stimulating form of communication that can teach the way pupils feel, think and act in their everyday lives. It also increases self-discipline, self-esteem and creativity in the classroom.

AIMS

The music scheme we follow is ‘Charanga’, provided by Tees Valley Music Service. This scheme runs from Foundation Stage to Year 1, covering new topics each term which link to the objectives from the National Curriculum. These aims are intended for all pupils in school. How they are implemented will be dependent on the age and ability of the pupils.

- Evoke a creative response to music through experimentation e.g. singing, composition and movement.
- Provide activities that develop musical concepts and skills sequentially.
- Develop awareness of different cultures and traditions through their music.
- Broaden understanding of a wide variety of styles.
- Encourage the enjoyment of music and provide the opportunities to express ideas and feeling through music.
- Offer children the opportunity to experience personal satisfaction through making music together and to develop the skills necessary to achieve the highest possible standards in this activity

TEACHING METHOD

Each teaching session provided from the Charanga scheme contains interactive step by step activities.

ASSESSMENT AND RECORD KEEPING

All class teachers will use their assessment of the children in their class to go alongside the music scheme. Class teachers will make an assessment of each child’s progress in music and keep appropriate records of achievement.

- Assessment is an on-going process brought about by:
- ·Observation of children working.
- ·Discussion with children before and after working.
- ·Looking at/marking children's work.

CROSS-CURRICULAR CONNECTIONS

As a school, it has been made a priority to weave music into the whole school curriculum, where possible and where links are available.

CELEBRATIONS OF SUCCESS AND DISPLAY POLICY

It is important that children's success in music is acknowledged and celebrated appropriately. This can be done through the displaying of music work in classrooms and other areas of the school. It can also be done through the performance of children's work to class, year group or school.

SEN AND DIFFERENTIATION

Musical activities are particularly effective in the education of children with learning difficulties of any kind, ranging from physical to social to emotional problems. Music is broad and 'open-ended', providing opportunities to solve problems, to work independently, to work as a group and to be responsible for self-regulation. Most musical activities work well as class lessons and are appropriate for all children of any ability. Therefore music helps to focus on what makes children similar and equal - not different. Guidelines for teaching music to children with special educational needs (lower ability) are given in the scheme of work for music.

Where pupils have special educational needs which are not identified as being learning difficulties but require other special provision (e.g. technological aids) then we will as a school endeavour to make provision.

EQUAL OPPORTUNITIES

Children should not be discriminated against in terms of gender and race. All children should have the opportunity to participate fully in classroom music lessons and activities.

MULTICULTURAL THEMES

We live in a multi-cultural society. The Music work done by children in school should where possible reflect this (see also Section entitled "Equal Opportunities").

RESOURCES

Foundation Stage children have access to their own music area which contains a selection of un-tuned percussion instruments. These boxes are kept in the classroom and should be checked regularly for breakages and losses.

Larger and more varied musical instruments are kept in a central storage area. These instruments include various glockenspiels, xylophones, chime bars and large drums. Each class also has access to their own class music box, which includes 1 of each of the basic instruments. These are to be used throughout the school day at appropriate times.

Children should be taught from an early age how to use and care for all these instruments and also to check each instrument before returning it to its storage area. The music subject leader needs to be kept informed of any problems so that instruments can be replaced or repaired.

ROLE OF SUBJECT LEADER

The music subject leader will:

- o provide advice and assistance to all staff when requested, in order to implement the music policy consistently throughout the school;
- o co-ordinate the teaching of the music scheme;
- o organize resources to support the school music policy and scheme of work;
- o co-ordinate purchasing, organisation and distribution of resources;
- o arrange in-service support;
- o liaise with outside agencies, other schools and colleges;
- o monitor Policy and Scheme of Work.

EXTRA-CURRICULAR MUSIC ACTIVITIES/PARENTAL INVOLVEMENT

Extra-curricular music plays a large and vital role in the life of Christ the King RC Primary School. The Tees Valley Music Service sends

specialist instrumental teachers for violin, viola and cornet lessons. These lessons take place in school time for small groups of children who are selected for their music aptitude by the instrumental teacher or with the help of a short music test.

Children are encouraged to take part in various performances both in and out of school. There are opportunities for the children to listen to various musicians and therefore to extend their musical experiences. These activities are monitored by the music subject leader.

All these activities provide valuable opportunities to link with the local community, parents and also to liaise with other schools. These opportunities will vary each year and will reinforce the fact to the children that music should be shared and should be seen as an exciting way of communicating and expressing feelings.

Parents are encouraged to attend musical performances where applicable.
